**2022 FIM Sidecar Motocross World Championship
FIM New entry procedure - General information**

Dear Sir or Madam,

Please find enclosed relevant information concerning the 2022 FIM Sidecar Motocross World Championship new entry procedure.

We thank you in advance for sending this information to:

- Your riders/passengers wishing to participate in the 2022 FIM Sidecar Motocross World Championship;
- The Organisers of a 2022 FIM Sidecar Motocross World Championship meeting in your country.

We wish you much success for the 2022 season.

Yours sincerely,

Dirk De Neve
CMS MANAGER

ENCLOSURE: FIM Entry procedure and links
General information

REGISTRATION

The registration of entries is done online on the WSC Entry System.

New users need to register online at: <https://www.entry.fimsidecarcross.com/registration>.

After completing the registration, you will receive an e-mail with a confirmation.

Users who already registered in the past can start the entry process directly at <https://www.entry.fimsidecarcross.com/>.

In case a user doesn't remember his password, he can request a new password at <https://www.entry.fimsidecarcross.com/?forgot=password>.

A complete detailed help-file is available on: <https://www.entry.fimsidecarcross.com/how-to>

IMPORTANT: All users need to register their personal email address as it is used for the login. Users can select their Role:

- Rider (and if you have a confirmed career number, fill it in here)
- Passenger
- Other (for FIM, FMN, Promotor or others)
(this role will be added manually by the WSC Sport Office team after verification)

We kindly ask all **FMNs to do their registration as soon as possible**, only with a completed registration and verification will you receive notifications from your riders/passengers' registration.

Rider's Registration for an event:

- Login to the page <https://www.entry.fimsidecarcross.com/>.
- Select the event(s) you want to participate
- Fill in the details (if your passenger is not in the list, send him an invitation)
- Complete the form and CREATE your registration.

As soon as the entry request is submitted, an automated mail will be sent to the rider's and passenger's FMN:

- **Step 1:**

The FMN concerned must confirm that its rider has the necessary competition experience and the correct details and fill the licence number if already known/ordered.

At the end of the registration page, the FMN can Confirm/Decline a registration.

This confirmation is required to continue the on-line registration process.

- **Step 2:**

If for any reason an FMN wishes to excuse or refuse the start of a rider or passenger, the FMN in question can do this online any time on the same form. It would be helpful to enter the reason into the form or send it by email to WSC Sport Office (sportoffice@fimsidecarcross.com).

- **Step 3:**

As soon as the FMN confirms the entry, the FMN and the rider/passenger will receive an automated email confirming the entry to the event selected.

In case of any problems or questions, please contact WSC Sport Office by email (sportoffice@fimsidecarmotocross.com).

We would like to point out that the maximum age for riders and passengers is 50 years old. Please respect this when receiving request for participation in, and issuing licenses for the FIM Sidecar Motocross World Championship. Nevertheless, riders who have reached or are above the maximum age but have finished in the top 10 of the previous year's final FIM Sidecar Motocross World Championship standings will be given the opportunity to participate again the following year. Special consideration will be given by the FIM Motocross Commission to a rider who has been confirmed with a season long injury or other special circumstance which has prevented him from competing that season.

As a general rule, every rider/passenger wishing to participate in the 2022 FIM Sidecar Motocross World Championship must enter through electronic WSC Entry System.

The rider and passenger must complete the entry procedure for each 2022 FIM Sidecar Motocross World Championship meeting they wish to enter.

Entry requests/provisional entries can be made by the electronic WSC Entry System, but they must be confirmed by the FMN within the electronic WSC Entry System.

We remind you that the rider must always have a copy of his licence (paper or electronic) as it may be asked during any time of the event. During your 1st event at the technical and administrative control, the WSC Sport Office can ask to verify your identity and credentials.

The rider/passenger receive the complete entry form and technical form at the Welcome Office of the event and must return the forms duly completed and signed at the technical and administrative control. Consequently, pages 1 and 2 of the entry form will bear the confirmation of the FMN concerned. If requested, the WSC Sport Office can ask to verify your details and credentials during the administrative control.

For each meeting of the 2022 FIM Sidecar Motocross World Championship, the closing date for entries is 30 days before the meeting in question.

WSC Sport Office can enter additional sidecar teams up to the maximum of 20 before Thursday noon prior to the meeting.

WSC Sport Office must then inform the rider's/passenger's FMN, the FMNR and/or the organiser in writing, by e-mail before the end of the technical verifications prior to the meeting.

For these sidecar teams entered by WSC Sport Office, all listed entry conditions (apart from the closing date of entries) apply.

STARTING/CAREER NUMBERS

According to the FIM information letter dated 09.12.2021 ([Sidecar starting numbers](#)), riders have the possibility to choose a “career number”. However, the number one (1) will always be reserved for the current FIM World Champion.

Riders must make the request for a “career number” to the FIM Administration (sandra.berthoud@fim.ch) but there is no guarantee whatsoever that they will receive this number. If the requested number is still available, it will be allocated to the rider.

Once a number has been issued to a rider – whether it was upon his request or by a decision of the FIM – it cannot be changed during the same year of competition.

This means that riders can now select a “career number” and use it as a marketing/branding tool just like it is the case in MXGP.

TECHNICAL RULES / UPDATES

Please refer to the 2022 Motocross Technical Rules to be published soon on the FIM website and pay a special attention to the following article:

Art. 65.01 Clothing and Protectors

CHAMPIONSHIP'S LOGOS

Riders/Passengers must display the FIM and the FIM Championship logos on the upper front torso or shoulder area of their jersey or on their chest/back protector if the latter is worn over the jersey.

It is recommended that Riders/Passengers print FIM and the FIM Championship logos on their jerseys.

The FIM and FIM Championship logo must also be displayed on the front number plate and the side number plates as per the diagrams below.

In case of any questions, please contact WSC Press Officer, Mr. Rien Willems:
rien@fimsidecarmotocross.com.
